# BLUEPEN SELECT

- Our general prices for assignments of all kinds range from ₹2.2 to ₹2.5 per word (pricing policy), whereas for all of your assignments the price will be fixed at flat ₹1.5 per word.
- Our general prices for dissertations of all kinds range from ₹2.5 to ₹4 per word whereas for all of your dissertations the price will be fixed at flat ₹2 per word.
- The price is definitely fixed for the number of words in an assignment, however the charges will be levied in cases where analysis, calculations, or any sort of coding and/or non written part is to be done.

# BLUEPEN SELECT

- Any student having a SELECT membership can benefit from the above mentioned benefits for a maximum of **15 assignments** or 1 academic year - whichever finishes first.
- The student is supposed to use the Bluepen student id to upload the assignments on our website and is not limited to only his/her assignment but of any individual.
- By quality we mean and take responsibility of “merit” that is above 60 marks in an assignment, failing which the student can claim an additional 10% off on his total amount of that particular assignment.

# BLUEPEN SELECT

- In order for the company to reward an additional 10% on non merited assignments, the student has to give us the feedback provided by the university for complete knowledge, else there won't be any such off.
- By quality we mean and take responsibility of “**merit**” that is above 60 marks in an assignment, failing which the student can claim an additional 10% off on his total amount of that particular assignment.
- Any and all of the student's assignments will be considered high priority, however depending on the feasibility of that task, the time required should be proportionate.

# BLUEPEN SELECT

## How does it benefit you

Let us assume you individually have a total of **40,000** words of assignments a year.

————— LET US CALCULATE ————

Total costing for normal student = ₹84K - ₹1L  
(₹2.2-₹2.5 per word)

Total costing for **SELECT** student = ₹60K  
(₹1.5 fixed per word)

You save approx ₹40,000

# BLUEPEN SELECT

## How does it benefit you

On an average according to our study you'll have a cumulative of 10 assignments in a year.

With the Bluepen SELECT plan you can help your friend benefit for the **balance 5** assignments.  
(or maybe buy bluepen SELECT together :p)

**Guess what? You don't  
even have to  
break your  
piggy bank for this**
